

Message From Manager's Desk

Vision : **EDUCATION WITH VALUES AND EXCELLENCE**

Mission : *To create an environment where
children learn modern education
along with Indian cultural values.*

“Education is the most powerful tool to achieve the goal.”

We truly believe that our education should now move from knowledge to skill and wisdom, from competition to cooperation, and from division to unity and finally from “how to earn a livelihood “ to “how to live”.

We aim to make our students capable enough to be self-directed and self-managed individuals who can confront the challenges of life without wavering.

S.P.V. emphasizes the importance of imparting strong ethical and moral values to the students alongside academic learning to empower them to face life's challenges.

We also believe that the problems exist in everyone's life, but we frequently remind our students not be afraid of failure. Instead, they should strive hard to achieve the success of excellence and good leadership.

I extend a hearty and warm welcome to all my parents, students and staff.

“Great things are done by a series of small things brought together.”

Regards

Awadhesh Narayan Agarwal

Message From The Principal's Desk

*A child is like a butterfly in the wind
Same can fly higher than others,
But each one flies the best it can
Why Compare one against the other
Each one is special Each one is beautiful*

Our children are not only taught to fly high in open sky of tremendous opportunities but also to stay attached to their roots. Our vidyalaya imparts value and skill based education bringing out the best in every child. Our earnest effort is to provide a conducive learning environment to each and every student so that when they go out of the portals, they brim with confidence and emerge as the leading human being of tomorrow.

The essence of Sant Pathik Vidyalaya also lies in its inclusiveness. The mentors at our school are competent, hardworking, dedicated and having excellence and commitment. Our endeavors is to maintain a perfect harmony between school curriculum and the extra curricular activities

we are fortunate to have a community of parents who are both understanding and supportive. Parents involvement plays a vital role in their child's success. As we work together, we are reminded of the powerful words by Hellen Keller: "Alone we can do a little; together we can do so much."

With unity and shared commitment, we will work towards the holistic development of our students preparing them for the challenges of tomorrow. As Dr. APJ Abdul Kalam said "All of us do not have equal talent but all of us have equal opportunity to develop our talents". Let us continue this journey together, hand in hand, to achieve greatness.

I extend a hearty and warm welcome to all my students, staff and parents.

Blessings & best wishes !

*Regards
Puja Agarwal
(Principal)*
